The advise was to review the situation in 10years. A case could be made for some clearance as the tree canopy was restricting sunlight to the river, however this was not a PROW issue. It was agreed that this would be reviewed in 6 months.
- c) **To identify and report any damaged or fallen footpath posts in the parish that require replacement:** A full audit had been undertaken and it was established that 10 metal footers and 5 post spikes need to be ordered. The clerk is to action.

The clerk will forward it to the Chair of the Village Hall for consideration.

However, the route is used by a school bus daily and the natural spring that

runs from the top causes ice to form over winter. The clerk is to relay these points to Highways for consideration.

Expectation is that the newsletter be printed and ready for circulation before March 21st.

11. Planning applications to be considered:

a) DC/26/0196/HH

Proposal: Householder planning application - single storey outbuilding within the rear garden. Location: Box Tree Cottage 2 Church Lane Dalham

Council agreed to approve the application with the following comments:

Whilst Dalham Parish Council approve the application, they acknowledge the concerns raised by the neighbour regarding potential damage to the boundary hedge roots. They caveat their approval with the suggestion that the outbuilding be relocated a few meters away from the boundary hedge.

b) DC/26/0098/TCA

Proposal: Trees in a conservation area notification - one Spruce Tree - trim away from power cables by upto four metres and reduce crown by upto four metres on right hand side. In back garden as seen from the house. Branches need trimming away from power cables and also need cutting back to balance the tree on right hand side.

Location: Clare Cottage 16 Lidgate Road Dalham

Council approved the application.
